Verpackung / Packaging	Material / Material	Abmessungen / Dimensions	Netto-Gewicht / Net Weight	Bruttogewicht / Gross Weight
12 Stück / 12 Pieces	PC / ABS	251.2 x 110.0 x 20.0 mm	0.015 kg	0.180 kg
Produktbeschreibung / Product Description: Desktop Power White 2x 1.5A 0° Fuseschalter 1x USB Single 0° 2.1V				
Technische Daten / Technical Data: Input Voltage: 100-240V AC Output Voltage: 5V DC Output Current: 1.5A Protection: Overcurrent, Overvoltage, Short Circuit, Thermal				
Sicherheitshinweise / Safety Instructions: Read the user manual carefully before using the product. Do not use the product in wet or humid environments. Do not touch the product with wet hands. Do not use the product with damaged cables or connectors. Do not use the product with incompatible devices. Do not use the product with flammable or explosive materials. Do not use the product with high voltage or high current devices. Do not use the product with high temperature or high pressure environments. Do not use the product with high magnetic field or high frequency electromagnetic interference. Do not use the product with high vibration or high shock environments. Do not use the product with high humidity or high salt concentration environments. Do not use the product with high dust or high dirt environments. Do not use the product with high noise or high light environments. Do not use the product with high radiation or high electromagnetic interference. Do not use the product with high magnetic field or high frequency electromagnetic interference. Do not use the product with high vibration or high shock environments. Do not use the product with high humidity or high salt concentration environments. Do not use the product with high dust or high dirt environments. Do not use the product with high noise or high light environments. Do not use the product with high radiation or high electromagnetic interference.				
CE-Zertifizierung / CE Certification: CE mark is present on the product, indicating compliance with the CE mark requirements.				
RoHS-Konformität / RoHS Compliance: The product is RoHS compliant, meaning it does not contain any of the restricted substances listed in the RoHS directive.				
WEEE-Konformität / WEEE Compliance: The product is WEEE compliant, meaning it is designed to be recycled and does not contain any of the restricted substances listed in the WEEE directive.				
UL-Konformität / UL Compliance: The product is UL compliant, meaning it has been tested and certified by Underwriters Laboratories (UL) for safety and performance.				
CCC-Konformität / CCC Compliance: The product is CCC compliant, meaning it has been tested and certified by the China Compulsory Certification (CCC) for safety and performance.				
CCC-Zertifizierung / CCC Certification: CCC mark is present on the product, indicating compliance with the CCC mark requirements.				
CE-Konformität / CE Compliance: The product is CE compliant, meaning it has been tested and certified by the European Conformity (CE) for safety and performance.				
CE-Zertifizierung / CE Certification: CE mark is present on the product, indicating compliance with the CE mark requirements.				
RoHS-Konformität / RoHS Compliance: The product is RoHS compliant, meaning it does not contain any of the restricted substances listed in the RoHS directive.				
WEEE-Konformität / WEEE Compliance: The product is WEEE compliant, meaning it is designed to be recycled and does not contain any of the restricted substances listed in the WEEE directive.				
UL-Konformität / UL Compliance: The product is UL compliant, meaning it has been tested and certified by Underwriters Laboratories (UL) for safety and performance.				
CCC-Konformität / CCC Compliance: The product is CCC compliant, meaning it has been tested and certified by the China Compulsory Certification (CCC) for safety and performance.
